RE: SUPPORT of H.B. No. 6491 AN ACT CONCERNING NONLETHAL ELECTRONIC DEFENSE WEAPONS

Dear Committee,

I am a resident of Connecticut and wish to voice my support of H.B. No. 6491 AN ACT CONCERNING NONLETHAL ELECTRONIC DEFENSE WEAPONS. The prohibition of nonlethal electronic defense weapons is a glaring flaw in Connecticut law. It basically says that there is no value to human life in this state and that the Government of Connecticut does not care for the safety of the citizens. By removing the prohibition, two things will be accomplished.

1. The women, children, college students, hikers, parishioners, and all other Connecticut citizens that are not allowed to carry or use weapons for self-defense in a multitude of settings, dictated by the Government, will finally have the ability to defend themselves in spite of the Government.
2. This will show that the Constitution of the United States of America is starting to apply to Connecticut law by forcing the Connecticut Government to legalize a nonlethal device for self-defense.

It is always a sad day when things like this must go to the Supreme Court of the United States to be justified as "legal" when the Constitution clearly states this fact in the Second Amendment to the Constitution.

Please SUPPORT H.B. No. 6491 AN ACT CONCERNING NONLETHAL ELECTRONIC DEFENSE WEAPONS

Sincerely,

Eric Barkhurst
